- Summary: Get up to date weather information and a 5 day forecast for anywhere in the world.
- Role: Sole Contributor
- Tools: HTML, CSS, JavaScript, Openweather API

EXPERIENCE

Beehive Clothing

Jan, 2020-Present

Expeditor

Salt Lake, UT

Managed sewing floor by providing the necessary materials to operators in order to meet production goals.

Key Accomplishments:

- Implemented a new inventory management software.
- Kept production and efficiency up after 40% of operators left due to Covid.

Beehive Clothing
Sewing Mentor/Trainer

2018-2020
Salt Lake, UT

Sewed several styles of clothing at Beehive and trained dozens of new employees to do so too.

Key Accomplishments:

- Became a Mentor over two different products within weeks of learning to sew them myself.
- Coordinated with group leads to develop a smoother and more efficient training program for new hires.

Classic Fun Center
Customer Service Rep./Manager

2013-2016, 2018-2019
Sandy, UT

Worked to provide food, skates, and other services to customers and was promoted to Manager after coming back in 2018. As a manager I worked to ensure a safe and happy environment for both employees and customers.

Key Accomplishments:

- Was designated as the "Game Tech" due to learning, on my own, how the arcade games worked and how to fix them.
- Resolved many conflicts between employees and handled complaints made by customers.

EDUCATION

Certificate, Full Stack Web Development – University of Utah

Summer, 2021
